

Friday Fast Facts November 18, 2022

We are happy to report that the Suffolk County Clerk has begun processing recordings once again in the aftermath of the Cyber Ransome attack on September 8, 2022. They are recording documents submitted electronically and delivered by hand.

Please note they are currently processing documents delivered to their office in July 2022.

Public access terminals and printers are available to our title examiners and turnaround times for title reports are back to normal.

We will continue to keep you updated as the situation changes.

Thank you.
